Grand Knights Report

Written by

Frank Castelo, Grand Knight

Frank Castelo, Grand Knight

This Council has had a lot of activity recently, in spite of the fact that we were in the middle of vacation season; and it looks like it will continue that way for a while. The Coke booth was a great success. Thanks to all of you and your families, we had another great Fiesta Season. I know a lot of us who've lived here for many years tend to take the fiesta festivities for granted, and just want to avoid the throngs of tourists and traffic; but there was so much to enjoy, including the Fiesta parade in which the Fourth Degree

Fiesta Booth 2000

by Vince Filippello August, 2000

Well, another colorful and festive Old Spanish Days Fiesta is behind us. As Co-chairmen, John Kestel and I want to thank you all, Knights, spouses, family members and friends, who helped in making this event such a success. The Knights of Columbus realized over \$4600 in net income that will be used for helping those in need as well as our other charitable causes.

We served nearly 5700 cups of Coke and other beverages in the four days we operated. On the first three days, we were ahead of last years results, but we could not match the phenomenal Saturday sales of last year. This year we experienced more drink competition from other booths and expenses were up as well. In spite of this we still did extremely well. Shown below is a summary of the day by day, shift by shift, gross sales results and number of beverages sold.

Human Cloning is Shoddy Science "Human cloning is based on shoddy science, and it leads to disastrous and inhumane results," said Father Joseph Howard, director of the American Bioethics Advisory Commission (a division of American Life League). Father Howard was responding to reports that the British government is moving one step closer towards government support of human cloning and human cloning research "Practically speaking, a human clone cannot be ethically produced, because human cloning destroys human lives in the process. Human life obtained through human death is botched science," Father Howard said. "Human cloning is not a credible scientific endeavor, but science turned on its head and facing backwards." Moreover, Fr. Howard said, "a science which attempts to advance humanity at the expense of human life is

Program Directors Report

**By Michael Donovan,
Deputy Grand Knight**

The Council is happy to announce Tom Turner as Family Activities Director. Activities following under Tom's directorship are the Labor Day picnic on Sept. 4th, Halloween Party on Oct. 28th, Mothers Day Flowers on May 13th, Memorial Day Picnic on May 3th and the Fathers Day Prayer cards. As these events come up, please call Tom if you can help out with any of them. On Aug. 17th, Grand Knight Frank Castelo, Pablo Herrera, Ygnacio Ramirez, Joe Darga, and I attended the Mental Retardation kick off meeting in Oxnard. Joe Darga has graciously agreed to chair the drive again this year. To give you a idea of the work required for Joe and others in the Council, here is a check off list of things that will make a successful drive: order candy and aprons sixty days prior to Drive, obtain necessary permits, obtain permission for solicitation sites, write letters to local business for contributions, write press releases to local newspapers, distribute posters and cans to local businesses early, appoint "Site Captains" from within the Council, contact local M.R. Organizations for assistance,

September comes with a sense of "new beginnings" as school and college begin again and most people return to work after summer vacations. We always begin September with our celebration of Labor Day when we pause to reflect on the work we do and thank God for the ability and opportunity to work and all who have gone before us and labored to bring dignity and respect for all working people. We are blessed in our Council with Officers and members who step forward and work wholeheartedly serving others in many service, charitable and fund raising activities throughout the year. As we gather for our annual Labor Day Picnic at Stow Park, we join with Brother Knights and their Ladies and families to celebrate our unity, fraternity and charity and rejoice in the blessings of work and retirement, as well as

4th Degree Knights March in Fiesta Parade

Written by

Edmund Page, Faithful Navigator

The 4th Degree Knights of Columbus marched in the 76th Annual Santa Barbara Old Spanish Days Fiesta Parade, which was held on Friday, August 4th. The colorful parade began at Castillo Street and Cabrillo Boulevard and proceeds onto the parades end at State and SoLa Streets. Everyone loves a parade, and particularly this one which has become a tradition with our Assembly to participate in. The Sir Knight Color Guard participants in this colorful spectacle were. Paul Coyne, Color Corps Commander, Ralph Wengler, American Flag bearer, Ygnacio Ramirez, Papal Flag bearer, and marching alongside were Sir Knights, Frank Castelo, Joseph Duwel, Aloysius Mecklenburg, and Edmund Page. The Knights receive much visibility, favorable comment, and foster a lot of goodwill by marching in this event. Also, it is a favorable promotion for the Knights. As we walk along the parade route we hear many complimentary remarks from the Fiesta Commentators and the audience which is interspersed with crowd applause. The good Lord willing we hope to march in many more future Fiesta parades.

Filippello – Kestel Co-Recipients Knight of the Month

Written By Frank Castelo

It was my good fortune when Vince and John had agreed to manage the Fiesta Coke Booth for us this year. The Coke Booth is our biggest fundraising event of the year and requires a lot of time and planning. Vince and John are good friends and work well as a team. They did a terrific job for us, and had fun in the process. See the Coke Booth article for details. They're both new members and they've gotten off to a great start as active members of our council. Vince Filippello was born in New York, grew up in San Francisco, and went to San Jose State University where he met his wonderful wife Sandy. Vince worked in San Jose until moving to Southern California in 1978. He worked for Hughes Aircraft Missile Systems Group and Bunker Ramo, until taking a job with Raytheon in 1983. He has lived in Goleta as a parishioner of Saint Raphael's ever since. His son, Ehren and wife Colleen are teachers near Portland, Oregon. In May, they provided Vince and Sandy with their first grandchild, a boy. His daughter Jessica, and husband, Jeff, live and work in Thousand Oaks. Vince joined the knights in February of this year, and enjoys helping out at the various dinners and other activities of the Knights. Now that he is retired, he enjoys his favorite hobby, which is fly-fishing, Ocean fishing, and any other fishing he can find. His wife Sandy, also retired in June, and looks forward to the adventures of traveling together, especially to Portland to play with their new grandson. The Kestel's moved to Goleta, and joined Saint Raphael's Parish in 1969. Born and educated in Iowa, John is now retired as a structural Engineer, having worked

for the firm of Ehlen and Spiess for thirty years. John was involved in many local projects and was the project engineer when Saint Raphael's Parish hall was built. John's wife, Mary Ellen, was an elementary school teacher, and retired from Santa Barbara Schools three years ago. Mark, the oldest of their three children, is a civil engineer in San Diego, Karen, works in the facilities department of a research firm in San Diego, and Laura, her husband, and their two children, live in Dana Point. John joined the knights in February of this year, long with Vince. Mary Ellen and John enjoy traveling, and have been to Europe a number of times and to Russia, twice. They plan on traveling around the states soon. John enjoys sports, board games, cards, putting around the house and yard, and helping the children with their homes and yards. Like all grandparents, they thoroughly enjoy babysitting the grandkids. John is a political junky, and enjoys dabbling in the stock market. John and Mary Ellen belong to the Goleta Valley Athletic Club, and try to exercise a few times a week. In addition, they enjoy walking at the local parks and beaches. John and Vince didn't waste time as they became Co-Chairs for this year's Fiesta booth, (planning started in March). This gave John and Vince a great chance to get acquainted with many of the Knights and their wives. I know I speak for the Knights when I say thank you Vince and John for your hard work and willingness to help keep our Council alive and healthy, your efforts will benefit many, through all the charitable work the Knights do to serve our Church and Community.

CHANCELLOR'S REPORT

Brian Klinge, Chancellor

20 August, 2000

The Council continues to pray for those members of Third Degree Knight, Brother Jim Wasil's family: Brother-in-Law Ray McRoberts (inadvertently misspelled in last month's Chancellor's Report as Roberts), who has terminal cancer; Rose Mc Roberts (sister) who has severe emphysema and his wife, Judy Wasil, who has diabetes.

We further are remembering Brother Fritz Cahill's son, Tom, who is recuperating from extensive left knee surgery. He continues to be in good spirits and can now lift his left leg; he is still undergoing physical therapy.

PRAISE GOD!! We wish to share the GOOD NEWS that the kidney transplant for Mel Page from Jean Page Sanchez, son and daughter of Fourth Degree Faithful Navigator Edmund Page, and his wife, Janet, was a wonderful success!! Although there was some discomfort, both are still under their doctor's care and undergoing regular visits. IT IS ALWAYS A JOY TO SHARE THIS TYPE OF NEWS!

For Our Sick

For all who are sick, those we have promised to pray for among our family and friends and those who are sick within our Council. We Pray.

For Third Degree Brother Salvador De' Alba, who suffers with bleeding ulcers and gall stones. Let us continue to pray for the return of his health.

For Julie Pedersen, daughter to our Past Grand Knight, who was recovering from cancer surgery; For Marcus Heroldsheimer, grandson of Brother Fourth Degree Knight Pablo Herrera, who underwent some medical tests to determine the cause(s) of physical discomfort.

September 2000, Knightline 5300, Page 5

Let us continue to pray for:

Hattie Darga, mother of Brother, Joe; Jill Lowery, daughter of Brother Knight Ray Tafelski; my brother-in-law, Richard Ronquillo, who was recently diagnosed with diabetes; Anita Pullenz, sister to Julie Sanchez; Mike Ponce, brother of David and Dylan Peterson; Eleanor Richards, Alma Smith; Wanda Szuwalski; Roxanne Taylor, Otilia Tena; Ellen Velasco and Jim Wasil's family members as stated above.

For all of the above and those in distress that we do not know of, remember them and those caring for them in your prayers.

Fellow Brothers: if you know of any corrections or changes to this Report, please contact me via our mailing address or in person.

Prayer of St. Francis

*Make me a channel of your peace
Where there is hatred, let me bring your love.
where there is injury, your pardon, Lord
And where there's doubt, true faith in you*

*Make me a channel of your peace
Where there's despair in life, let me bring hope.
where there is darkness, only light,
And where there's sadness, ever joy.*

*Oh, Master grant that I may never seek
so much to be consoled as to console.
To be understood as to understand and
To be loved, as to love with a full soul.*

*Make me a channel of your peace
It is in pardoning that we are pardoned.
In giving of ourselves that we receive.
And in dying that we're born to eternal life.*

You may have noticed that we had a new aluminum frame booth and facade provided by the City this year. The booth was very attractive. We can thank Julie and Felix Sanchez, who volunteered their time and artistic talent to provide very colorful decorations in the traditional Spanish style. We were fortunate to have a very efficient booth construction team of Joe Ponce, Mike Donovan, Frank Castelo, Hal Thompson, Len Gonzales, Tom Puerling, John Kestel and myself. Tom performed his specialty of providing the plumbing for the sink. Every year, it seems that the City moves the light pole and tree a little within our booth; this requires us to move the holes in our floor (it is not easy to move holes) and always makes it interesting, challenging and a bit artful, not to mention a lot of

fun. The captains and crews performed incredibly and appeared to enjoy themselves, as well. Remarkably, the beverage dispensing equipment performed flawlessly and the new set up provided by Bob Montanes of Arcady Distributing was appreciated. The hoses were placed under the floor and syrup containers placed out of the way giving us a lot more space behind the dispenser. Over 70 people worked in the booth, and a dedicated few worked more than one shift: John Vogel, Frank Castelo, Hal Thompson, Joe Lima and Eleanor Paulazzo to name a few. We had the whole Darga family serving on the third shift on Friday and a lot of Peyton's on Saturday evening. Many thanks and appreciation goes to John Vasillina and his crew from the St. Raphael's Youth Group. What a great group of young

men and women!!! The Youth Group is a consistent volunteer to many Knights of Columbus fund raisers and they always do an outstanding job. Their services are most appreciated. We are presently authoring a "How to" manual for managing the Coke Booth event. This will contain detail instructions for all tasks that need to be accomplished, from initial paperwork for health permits, insurance documents, etc., to the final reports. The manual will also contain information, history and data from notes so diligently prepared by Paul Curzan, last year's co-chairman. The manual will be kept in the Knights archives in the new building. Once again, we offer our sincere thanks to all those who volunteered to make the Year 2000 Knights of Columbus Fiesta Coke Booth such a great success.

participated as always. We have finally completed or slate of service directors with Tom Turner heading the Family Programs, and for our Youth director, we are also fortunate to get John Vasellina who will be joining the Knights very soon. We've got two very important events coming up soon, the Labor Day Picnic on September 4th; and the Parish Picnic on September 24th. We plan on having some special prizes at the raffles there so please plan on attending. Incidentally, I made an error in last months Knightline regarding our future website, it is: **kc5300.com** (not aol.) Our Membership director, Bernie Jochum has his Degree team in place and has scheduled a First Degree for September 11th. There's enough time for you to get a new member signed up before then. Remember Our Council is alive and well, and the only way to keep it that way is to make a commitment to get at least one new member to join. There are a lot of good men out there that would appreciate being asked and have much to contribute. Please call me at 967-7975 or e-mail me at: FMCastelo@cs.com for any ideas or comments.

Adopt-A-Student Program

Written by

Ygnacio Ramirez P.G.N.

As we begin another school year, it gives me great pleasure to once again chair this very worthwhile cause. Council 5300 has been involved in this program for several years and we have assisted many children in receiving a strong religious education. In 1995 we collected \$11,206.00 and it has risen ever since to a yearly average of \$14,149.00. Last year we collected \$18,222.00 for our best year since I have been involved. As of Aug.18, 2000, we have collected \$14,715.50 and are well ahead of last year.

God bless my fellow Knights

premised on utilitarianism, which seeks the personal advance of the few at the expense and in this case the deaths of many."

The Natural Choice is Life

In America, Father Howard said, human cloning research is already underway in the private sector at the University of Wisconsin, and likely at other private institutions. "Our government here in the US, and our society, is based on the maxim 'e pluribus Unum,' which means 'from the many [people] one [state].' Human cloning, on the other hand, aims at producing one life out of the deaths of many. The endeavor of human cloning is morally bankrupt, and a just government should outlaw this dangerous science."

DIRECTOR'S SEPTEMBER MEMBERSHIP REPORT

Written By Bernie Jochum

Many thanks to the ten officers and members who submitted twenty-one names of potential candidates for membership in our Council. At this writing we have three signed Form 100's and checks. We are making contacts with the others and hope to have several more candidates for our First Degree, September 11 at our regular meeting.

It takes a great deal of work and dedication to participate in Degree ceremonial activities. I invite all members to attend the September 11th meeting and support these dedicated brothers. It is also advisable for all members to witness the ceremony to recall the details of the lesson imparted and commitments we all made.

New members are the lifeblood of any organization. This is especially true of our Council. Some brothers have been carrying the load for an extended time. New members bring new enthusiasm, ideas and energy to our order. If you know of a Catholic man who you think would be a good

DID YOU KNOW?

The Knights of Columbus...

➤ Was founded in New Haven and chartered in Connecticut on March 29, 1882. In the basement of St. Mary's Church, a young priest, Father Michael J. McGivney, and a handful of parishioners formed the Catholic, family, fraternal, service organization known as the K of C.

➤ Today nearly 1.6 million dues-paying members who belong to over 11,000 units throughout the United States, Canada, Mexico, the Philippines and the Caribbean. Including wives and children of members, the K of C extended family totals nearly six million people.

➤ Last year alone, contributed more than 107 million to charitable causes and more than 50 million volunteer hours of community service. Knights sponsor programs to feed hungry people, aid the elderly, shelter those who are homeless, guide young people, assist individuals with mental and physical handicaps and much more.

By Frank Castelo Grand Knight

I didn't have any trouble finding good reasons for choosing the family of the month for August. The Sligers are another great example of the kind of family we are proud to have as members of this great organization. Terry and his family moved to Santa Barbara in 1983. Terry and his wife, Denise, are both graduates of Saint Bonaventure High School in Ventura (Father Thomas Meskill was the Principal). They have four boys, Justin 14, Sean 12, Brian 10, & Kevin 8. All the boys are students at Saint Raphael's School, involved in scouting, athletics, and chores around the house. Justin won the Knights of Columbus Essay Contest last year (upon receiving his prize,

Justin asked Dad why he wasn't a Knight of Columbus). Denise has been working for Your Travel Center on Calle real since 83' and for the last 2 years, a sales representative for Secure Horizons. She has been active over the years in the Soroptimist Club, PEP (Postpartum Education for Parents), elementary religious education teacher, Eucharistic Ministry, and as the St. Raphael School Auction Chairperson. She is currently the Cub master for Cub Scout Pack 105. Terry came to Santa Barbara to work at the corporate headquarters for the Jeremiah's Restaurant Group and left as vice resident of Operations to become a partner in the purchase of the Harbor Restaurant in 1989. He is currently a partner in the Harbor, Longboards grill, and

the world famous El Paseo and the Tee Off Restaurant. He has recently been hired as an Investment Representative for Edward Jones Investments. Terry has become active in scouting and coaching basketball and baseball. He has been recently elected to the St. Raphael's Parish Council. Terry joined the Knights of Columbus in October of 1999, and is currently in the third degree. Terry has helped out with the pancake breakfasts, Fish Fry's, Memorial Day Picnic, and Fiesta Coke Both. Terry is also the Council Director for the knights and will be in charge of the Council Dinners. Wow! Sounds like they keep pretty busy. Congratulations Terry and Denise your example is a blessing to our Council and Parish.

sandwich booth, Tom Puerling the beer and wine booth, Felix Sanchez the nacho booth and Mike Donovan will be in the "Keep Christ in Christmas" booth. They will all need as much of our help as we can give them. Anyone who could volunteer to work an hour or two, please contact one of the men in charge of the booth. We also need your help in selling raffle tickets for the picnic. The Knights will be responsible for selling tickets at the September 23rd. 5:30 Mass, and the September 24th 7:00, 8:00, 9:30 and 12:00 Masses. Contact Earl Pugh or Mike Donovan for information

Remember our annual "Keep Christ in Christmas" program will be starting soon. We will be able to fill all of your needs for religious Christmas cards. As usual, the cards are available in several languages.

The Institute for Adult Spirituality is starting its Fall lecture series 2000 in September. The lecturers include Father Virgil Cordano and are always informative and interesting. The lectures are scheduled for September 11, 18, 25 and October 2. For schedules, brochures and information, call 687-0357 or 967-7506.

Knight, ask him. Or if you prefer, give his name, address, phone number and any information you have to me or any officer and I will see that he is contacted. Let's make our

quota and commitment of thirty new or reinstated members for the 2000-2001 Columbian year.

On another note, we had the occasion to follow up on several brothers who were delinquent in their dues. As usual, it was only a matter of oversight by the brother and all is well once again. I bring this situation up only to recommend to brothers who pay their dues quarterly, to consider paying on an annual basis. You actually receive a discount. You pay \$45.00 not \$48.00. In reality if you pay your dues on time whether annually or quarterly, you save the Council postage, forms and letters that must be mailed, follow-up by some member, sending copies of such forms to the state and supreme offices and all the reporting that they require.

Again, thanks to all who submitted names of prospects and those who volunteered to assist in contacting them.
